— STATEMENT OF PURPOSE

“

To give every client *clear, honest and practical* legal counsel — protecting what matters to them today, and securing what they are building for tomorrow.

FN Muthoni Advocates

NAIROBI, KENYA

ABOUT THE FIRM

Who we are

FN Muthoni Advocates is a Nairobi-based law firm built on a simple belief: good legal work starts with listening.

We act for individuals, families, entrepreneurs, companies and institutions across Kenya. Whether a client is buying their first home, bringing in international talent, growing a business, planning for the next generation or resolving a dispute, we take the time to understand the full picture before we advise.

Our practice goes beyond the traditional. Our advocates are **Certified Professional Mediators** and **Data Protection Officers** — so we can help clients settle disagreements without years in court, and help organisations meet their obligations under the Data Protection Act, 2019.

The result is counsel that is rigorous in substance, plain in language and always focused on the outcome that serves the client best.

Our approach is grounded in rigorous due diligence and a clear understanding of Kenya's land registration regime, so that titles are clean, consents are in place and money changes hands only when it is safe to do so.

"A clean title is not luck — it is the product of careful, unhurried diligence."

- Sale and purchase of land, homes and apartments
- Official searches and title due diligence
- Transfers, subdivisions and change of user
- Charges and discharges for bank financing
- Residential and commercial leases

Banking & Finance

Behind every credit facility is a set of documents that must be right. We make sure loans are properly secured — and that borrowers understand exactly what they are signing.

We act for lenders, borrowers, SACCOs and microfinance institutions on facility documentation, the creation and registration of securities, and regulatory compliance. When a facility goes wrong, we guide restructuring, settlement and, where necessary, the lawful realisation of securities.

“Well-documented security protects the lender and the borrower alike.”

OUR SERVICES

- Loan and facility agreements
- Charges and further charges over land
- Debentures, guarantees and indemnities
- Asset finance and security over movable property
- Discharges and release of securities

We represent individuals and organisations before courts and tribunals in civil, commercial, land and constitutional matters. From early case assessment and demand letters through to hearings, judgment and enforcement, we keep clients informed and in control of every decision.

“Thorough preparation is the most persuasive argument of all.”

OUR SERVICES

- Civil and commercial litigation
- Debt recovery and demand letters
- Land and environment disputes

SPECIALIST PRACTICE

Mediation & Alternative Dispute Resolution

Not every dispute needs a courtroom. As Certified Professional Mediators, we help parties reach their own solutions — privately, quickly and at a fraction of the cost.

Mediation preserves what litigation often destroys: business partnerships, family bonds and working relationships. We act as neutral mediators and as advocates representing clients in mediation, including court-annexed mediation, and we draft settlement agreements that are clear and enforceable.

WHERE MEDIATION WORKS BEST

- ◆ Commercial and contract disputes
- ◆ Family and succession disagreements
- ◆ Land and boundary disputes
- ◆ Landlord and tenant conflicts
- ◆ Workplace and employment disputes
- ◆ Court-annexed mediation
- ◆ Binding settlement agreements

Data Protection & Privacy

Every organisation that collects personal data — customers, patients, students, staff or members — now carries legal duties under the Data Protection Act, 2019.

As certified Data Protection Officers, we make compliance practical and proportionate. We help businesses, schools, clinics, SACCOs, NGOs and faith-based organisations register with the Office of the Data Protection Commissioner (ODPC), put the right policies in place and respond confidently if something goes wrong.

OUR COMPLIANCE SERVICES

- ◆ ODPC registration for controllers and processors
- ◆ Data protection impact assessments
- ◆ Privacy policies, notices and consent forms
- ◆ Data sharing and processing agreements
- ◆ Staff training and awareness
- ◆ Data breach response planning
- ◆ Outsourced Data Protection Officer service

From a family trust that protects assets for the next generation to a power of attorney that lets someone act on your behalf while you are abroad, we draft documents tailored to your circumstances and lodge them at the relevant registry so they carry full legal effect.

“Say exactly what you mean — and make it count in law.”
